

Technical Datasheet GHD400

Positions of all components in the guide rail

COMPONENT LIST

Technical Details

Electrical data

Power supply voltage: AC220V \pm 10%, 50-60Hz 2A

Rated voltage: 120W

Opening width

Double sliding door: 1000 ~ 1500

Single sliding door: 1000 ~ 2000

Door leaf weight

Double opening sliding door: max. 2 x 300KG

Single sliding door: max. 1 x 400KG

Door leaf running speed

Opening speed: 150 ~ 460mm / S

Closing speed: 150 ~ 460mm / S

Environment condition

Temperature range: - 20 °C ~ + 50 °C

Humidity range: < 95% relative humidity

Class of protection (IP Rating) : IP44
